

ACOUSTIC ALU EUROGROOVE

cod. ASACAGR

EN Alternative version of the Acoustic Alu, conceived for the upper part of the aluminum profile to fit perfectly in the Euro groove. Its structure, identical to the classic model, allows the same combination of plungers and the same acoustic performances.

IT Versione alternativa del modello Acoustic Alu, appositamente studiata perchè la parte superiore del profilo esterno possa essere inserita su cave di tipo Eurogroove. La struttura del tutto simile al modello classico permette le stesse diverse combinazioni di pulsanti ed una tenuta acustica di alto livello.

DE Alternative Ausführung zum Modell Acoustic Alu, eigens ausgelegt, um den oberen Teil des Außenprofils in Euronuten einsetzen zu können. Die Struktur ähnelt sehr dem klassischen Modell, ermöglicht dieselben Druckknopfkombinationen und bietet starken Schallschutz.

FR Version alternative du modèle Acoustic Alu, spécialement étudiée pour que la partie supérieure du profil externe puisse être insérée dans les profils Eurogroove. La structure est identique au modèle classique et permet les mêmes combinaisons de bouton poussoir et une tenue acoustique de haut niveau.

ES Versión alternativa del modelo Acoustic Alu, estudiado expresamente para que la parte superior del perfil externo pueda insertarse en ranuras de tipo Eurogroove. La estructura del conjunto similar al modelo clásico permite las mismas combinaciones de pulsadores y un aislamiento acústico de alto nivel.
